OxyPet[®]

Oxygen Activated

**Stain Remover/Cleaner for
Pet Care and Animal Care Facilities!**

Color Safe Laundry Bleach Alternative

Net contents: 8 lbs.

Destains fabrics, plastics, and many surfaces and eliminates odors!

OxyPet™ is an “activated “oxygen bleaching agent designed to clean and remove soils, stains and odors in many different applications. It is safe for use on laundry, carpet and upholstery. Does not produce fabric damage caused by chlorine containing bleaches. OxyPet goes to work fast to dissolve tough stains caused by pet food, animal blood and other organic materials. Use it to clean and remove stains from plastic and china pet bowls and utensils and stainless steel surfaces. OxyPet eliminates odors. Available oxygen attacks sulfides (rotten egg odor) commonly found in trash cans.

For best results: Use the hottest water allowed by the manufacturer. Always dissolve powder completely before applying solution.

DO NOT USE TO CLEAN MOTOR OIL OR GAS SPILLS; CAN CAUSE FIRE.

Do not use on aluminum parts or containers.

Not for use on latex paints, teak or finished woods, rust, dried paint or bleach damaged stains.

Safe for use in Septic Systems!

APPLICATION (dissolve powder completely)	# of scoops	Water	DIRECTIONS
Laundry A color safe alternative to bleach for pet bedding, scrubs, surgical linens, towels, and other laundry items.	1	Per load	Begin filling washer with water (per manufacturers instructions for temperature). Add OxyPet before adding garments. Hot water accelerates stain removal. TWO scoops for HEAVY soils.
Destaining pastic and china- pet bowls, stainless steel utinsels, surgical instruments, other plastic containers.	1	Per gallon	For plastic or china ware. Use sufficient water to completely cover the item. Keep solution between 120 to 140 degrees F. Mix well before adding items to the solution. Soak until stains are removed. Rinse well.
Trash Cans, Ice Chests	1	Per gallon	Empty container before cleaning. Using hot water add OxyPet and scrub surface with solution. Allow to soak for 20 minutes. Dispose of solution. Rinse well with cool water
Carpet Stain Remover (test for colorfastness in an inconspicuous area first)	1/8	Per 16 oz.	Remove excess liquid. Apply slolution to stain using only enough to saturate stain. Allow solution to stand for 1 to 5 minutes. Blot well with white towel. Repeat if necessary. Rinse thouroughly with water and blot well. Allow to air dry. Vacuum when dry.
Water—Washable Upholstery, Fabrics and Surfaces	1/8	Per 16 oz.	Same as previous. Do NOT use on wool, silk, leather or dry cleanable fabrics. Allow fabric or upholstery to air dry.
Quarry Tile, Concrete Floors, and Cinderblock Runs			To enhance cleaning in between normal cleanings, sprinkle OxyPet onto wet surfaces: allow a few minutes to work then scrub and rinse.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Protect skin eyes and mucous mebranes. Wear rubber gloves and safety glasses when handling this product and its use solution. Once mixed solution should not be left in sealed containers. Solution will continue to give off oxygen and container may expand and leak. Dispose of unused solutions. Use only as directed.

FIRST AID

EXTERNAL: Immediately flush skin with plenty of cool, running water for at least 15 minutes. Immediately remove contaminated clothing and wash before reuse. If irritation develops, see a physician.

EYES: Immediately flush eyes with plenty of cool, running water, Remove contact lenses if applicable.

Continue flushing for at least 15 minutes. **GET IMMEDIATE MEDICAL ATTENTION.**

INTERNAL: If swallowed, DO NOT induce vomiting. Immediately drink 1 to 2 glasses of water. Never give anything by mouth to an unconscious person. **GET IMMEDIATE MEDICAL ATTENTION.**
